

We need your help at a **FIRST® LEGO® League Tournament!**

Join the robotics community that prepares students for the future. Whatever your skills are, there is a place for you in *FIRST*. Be a part of elementary and middle school students' success through the hardest fun possible.

Choose Your Date(s) November 23, December 14, February 1 or all three days

What Shift? Mornings (7:30 am - Noon) or All Day (7:30 am - 4:30 pm)

Tasks Available Morning:

Hall Minder - Check in teams for judged events, be the smiling face in the halls, keep halls quiet)

Timer - Read instructions to the team, time the judged event

Tasks Available All Day:

Robot Check In Table - Check in teams that arrive for their robot game run

Table Resetter - Reset LEGO pieces before each team arrives for the game

Practice Table Monitor - Make sure each team at the practice table only uses their 5 minutes

Robot Game Referee - Give teams points for each mission their robot can accomplish (*Requires two to four hours of online or in person training*)

Judge - Have an opportunity to judge 12 teams on their project presentation, robot design or team work skills (*Requires two to four hours of online or in person training*)
