EmBe's beginnings are rooted in meetings in 1921 that formed the YWCA in Sioux Falls, South Dakota. Our vision to serve women and families has remained strong, empowering people to create meaningful and purposeful lives that serve our community well.

MISSION

We uplift the potential in children, women, and families through opportunities that empower all.

VISION

A community where children thrive, women excel, and families succeed.

VALUES

Curiosity
Authenticity
Leadership
Connection

Thank you for choosing EmBe for your childcare and School Age Care needs. EmBe began providing preschool and childcare in 1961 – one of the first centers in Sioux Falls outside of in-home daycares. Since that time, EmBe's award-winning childcare programs have become some of the most respected in the region, with locations throughout the area.

GOALS

- Each child will have a safe, clean, secure environment supervised by caring adults.
- Each child will have a balance of spontaneous and directed play using various materials and equipment to encourage learning.
- Each child shall have an environment that will promote positive self-esteem, social skills, language development, physical and perceptual motor skills.

WELCOME TO OUR

Summer Program

It is important for children to have a safe and productive way to spend time during the summer. Latch key kids can face many risks, including anxiety, poor diet, and watching too much television. Fortunately, EmBe offers great alternatives so your school-age child will have a place to go where they can interact with friends, learn with hands-on activities, and relax. School Age Care is choice-based and promotes STEAM (science, technology, engineering, art and math) and social, physical and emotional development. All of our programming will provide a variety of indoor and outdoor activities to keep kids engaged and allow them to thrive. We will also provide a variety of field trips (swimming, bowling, local parks, etc.) to ensure children stay active and have access to enriching experiences. Our program is everything you want in a safe childcare experience and more!
