

Meet the Manager

Chris Klingbile

EmBe Education - Madison
Site Manager

ABOUT ME

Background: I earned my Associate's Degree in Child Development and began my teaching career. My teaching experience includes serving as a Lead Preschool Teacher in a childcare setting for 6 years and in a private, Christian-based school for 4 years.

I enjoy living a healthy lifestyle with wellness and fitness as a priority. My leisure activities include playing in a pool league, traveling and spending time with friends and family. I enjoy taking on challenges and adventures, and find that child care offers an exciting adventure every day that makes a positive impact on a child's life.

WHY EMBE?

EmBe has established a stellar reputation for providing high-quality care and education for young children. I look forward to bringing that same care and education to the children and parents of the Madison community.

PASSION STATEMENT:

My aspiration is to help children accomplish their goals and support their progress. My greatest accomplishment is seeing a child light up with excitement as they learn a new skill.

It's my goal as Manager to assist teachers and support staff to provide a positive and safe environment in which children can thrive. As a parent myself, I want to create an environment where parents feel their children are receiving the highest-quality care and education possible.
